

febi ATF 08972

Composition

the components impart no hazardous properties to the product

Hazards Identification

products is not biodegradable
not classified as a dangerous product

First Aid Measures

eye contact: flush with plenty of water
skin contact: wash with soap and water
inhalation: fresh air, rest
ingestion: flush mouth, do not induce vomiting, refer to medical attention

Fire Fighting Measures

suitable: foam, carbon-dioxide, dry chemicals
not suitable: water jets
protective measures: compressed air breathing apparatus
apparatus hazards: smoke, fumes, CO, CO₂

Accidental Release Measures

use proper personnel protective equipment (see heading Exposure Controls/ Personal Protection)
prevent from spreading by the use of sand or earth, absorb small spillages with sand or sawdust

Handling and Storage

avoid skin- and eye-contact
use proper personnel protective equipment (see heading Exposure Controls / Personal Protection)
store in closed packaging

Exposure Controls / Personal Protection

TLV (oil mist): 5 mg / m³
hygiene: wash hands before eating or drinking
respiratory protection: to be used in case of fumes / oilmist
hands: wear resistant gloves
eyes: wear safety glasses
skin protection: wear protective clothing

Physical Properties

liquid, insoluble in water
boiling point: > 300 ° C
flashpoint: > 60 ° C
explosive limits: 50 - 250 g/m³

Stability and Reactivity

stable under normal conditions
do not heat above flashpoint (fire-risk)

Toxicological Information

LD50 oral (rat) > 2000 mg/kg
LD50 percutaneous (rat) > 2000 mg/kg

Ecological Information

product is not readily biodegradable and should not be drained in surface-water

Disposal Considerations

product should be disposed in accordance with prevailing regulations

Transportation Information

not classified

Regulatory Information

not classified

Usual References

based on EC Directive 93/112
